FRAUD IS ALLEGED

Sensational Allegations Over the Schmertz Failure.

EASTERN FIRMS ARE ANXIOUS.

They Send Representatives to Pittsburgh to Make an Investigation.

Numerous Judgments Confessed to Defraud Creditors—There Are Many Complaints of Crookedness—Broker Backer of New York Arrested—A Southern Judge Makes a Charge of Grand Larceny.

Pittsburg, Aug. 14.—To-day sensational allegations concerning the Schmertz failure became general property in business and legal circles. Representatives of W. F. Morgan & Co., Charles W. Lee, and Gould & Walker of Boston, three of Schmertz's Eastern creditors, have been in Pittsburgh since Tuesday investigating matters.

W. S. Pier, Esq., has been empowered to file a bill in equity in their behalf against Schmertz and the relatives and friends in whose favor the numerous judgments have been confessed in large sums. Mr. Pier, it is said, will file his bill tomorrow, alleging that Mr. Schmertz confessed judgments to members of his family and friends for the purpose of defrauding outside creditors of their just dues.

An interview was held with Mr. Quincy, a son-in-law of Mr. Schmertz, and also his assignee. Mr. Quincy admits that the Eastern creditors are here, and that they are dissatisfied with the arrangements as made. He denies, however, that there are any complaints of crookedness. He will meet the Boston gentlemen tomorrow, and says Mr. Schmertz's books are yet in the hands of the sheriff, and that until he can have access to them he cannot definitely ascertain how Mr. Schmertz's affairs stand.

Closed by the Schmertz Failure.

BUTLER, Pa., Aug. 14.—The Standard Plate Glass Works have passed into the hands of D. E. Wheeler as receiver. This action is the result of an amicable arrangement between creditors and stockholders caused by the failure of E. W. E. Schmertz, of Pittsburgh, who was endorser for \$250,000, as well as a stockholder for a large amount of stock. The business of the company is in a prosperous condition, and the failure of Mr. Schmertz will not affect the running of the works.

CHARGED WITH LARCENY.

A Judge Says that Broker Backer Defrauded Him.

New York, Aug. 14.—Abraham Backer of the firm of A. Backer & Co., the dealer in commercial paper who failed for \$4,000,000 two weeks ago, and made an assignment to Benjamin F. Einstein, was arrested during the afternoon. The specific charge is grand larceny of \$10,000. The charge of grand larceny was preferred by William Harden, the presiding Justice of the City Court of Savannah, Ga.

Judge Harden in an interview with a reporter to-day said:

On the 9th of January last, I gave to the defendant my own personal note for \$10,000 for him to discount for me, giving him as collateral six per cent debenture bonds of the Central Railroad and Banking Company of Georgia. These aggregated \$7,900.

"I also gave him 30 shares of the Savannah Gaslight Company's stock valued at \$2,000. My note Backer discounted at the Park National Bank of this city.

"Yesterday the note was due. I called at the bank and paid it. I then called upon Mr. Backer, showed him the paid note with the bank's stamp and demanded my collateral. Then I learned that Mr. Backer did not have them; having used them as collateral for a debt of his own at the Merchants National Bank. There was nothing left to do but the course I did, having given Mr. Backer ample opportunity to arrange matters to my satisfaction."

ASHBURY PARK, N. Y., Aug. 14.—J. J. Guiton of Albany, N. Y., had his watch, diamond pin and a large sum of money stolen in a bathroom of the Ashbury Park bathing grounds during the day. He missed the articles soon, however, and within five minutes returned for them, only to find that they had disappeared. There is no clue to the thief.

Russell Nominated.

SARATOGA, N. Y., Aug. 14.—The deadlock in the Fourth Judicial Republican Convention was broken last night on the 17th ballot. The convention went into committee of the whole and a compromise was effected. The Tappan and Badger men voted unanimously for Leslie W. Russell of Canton, St. Lawrence County. He served one term as State Attorney-General, and also served on the State Board of Regents.

Hanged for the Manipur Uprising.

LONDON, Aug. 14.—A dispatch from Calcutta says that the Sepoy party of the royal house of Manipur and the Tongal general were hanged at Manipur for their part in causing the massacre of Grimwood, Quilton and other British officials at the time of the Manipur uprising. Large crowds witnessed the execution. There was no disturbance.

Grand Duke Alexis Goes to Vichy.

SMALLPOX IN CHILL.

Discussion by Congress on a Bill to Disown All Acts of the Inaugural.

SAN FRANCISCO, Aug. 14.—Panama papers, brought by the steamship San Juan, which arrived here to-day, say that a bill has been discussed in the Chilean Congress to disown all acts of the revolutionists in order not only to lay the civil and criminal responsibility upon those supporting them, but to warn the neighboring nations against dealing with them.

An epidemic of smallpox at Santiago has been followed by the announcement of a number of cases at Valparaiso.

The Balneacion troops had returned from Caguinibund and gone further south. Many of the troops had rebelled and gone to Valencian and Erelun.

Took an Overdose of Morphine.

ASHBURY PARK, N. J., Aug. 14.—Henry Hahn, son of Charles Hahn, a retired merchant, living on North Seventh street, Philadelphia, narrowly escaped death last night from an overdose of morphine. He was found unconscious in Library Park on Ashbury avenue, and an officer started to take him to the lockup in a wagon. The joggling of the wagon revived him, and he requested the officer not to take him to jail, but to the Hotel Ashbury, where he had friends. On the way to the hotel the officer found a small vial. After taking Hahn to the hotel it was discovered that the vial contained morphine. Physicians were immediately summoned. Hahn was taken from bed, and after three hours' hard work saved from death. But for the fortunate discovery of the vial Hahn would have died.

LEPERS IN NEW YORK

Victims of the Scourge Cannot be Isolated.

CHINAMEN CREATE TROUBLE.

They Demand the Release of Two of Their Countrymen.

The Contagious Nature of the Disease Questioned—A Fight Between Officials Over Two Loathsome Creatures—They Are Allowed at Large Although Lepers of the Most Pronounced Type.

New York, Aug. 14.—Dr. Edson yesterday received a report from Charity Hospital stating that the two Chinamen who were taken there on Monday last from Mott street were suffering from genuine leprosy. The lepers are Ong Mow Toy, a Chinese fan tan gambler, of No. 24 Mott street, and Tsang Ding, of No. 37 Mott street. Both are afflicted with another loathsome disease besides leprosy.

Ong Mow Toy was found at his home by Dr. Edson last Sunday. The doctor was unable to tell by a cursory examination whether it was a genuine case of leprosy. On Monday Tsang Ding was reported as a suspected leper. Dr. Edson found his case similar to Toy's. Dr. Edson decided to send them both to Charity Hospital.

Yesterday morning a number of Chinamen, friends of the lepers, called on the Commissioners of Charities and Correction and demanded their release. Commissioner Sheely declared that the Commissioners had no authority to hold the men unless they were committed to the institution by some magistrate and this had not been done. Accordingly Tsang Ding was given his liberty yesterday afternoon, and Ong Mow Toy was released this morning.

As the situation now stands it will be a fight between the commissioners of charities and correction and the board of health. President Edson and Dr. Wilson, of the board of health, believe that leprosy is contagious.

The hospital doctors and the commissioners claim that if leprosy is contagious the city should provide no isolated hospital for its special treatment.

AN INVENTOR'S MAD FIT.

He Stabs His Jailer and Then Commits Suicide.

CAMDEN, N. J., Aug. 14.—About midnight William Spellman, an inventor, confined in the county jail, made a desperate attempt to murder Andrew Robinson, one of the night jailers. Spellman then committed suicide by cutting his throat.

Spellman lived at 249 Mount Vernon street, but he has been in jail for several months awaiting trial on a charge of obtaining money by false pretenses for selling the right to a patent railroad switch to several different parties.

He spent his time in prison perfecting another patent switch, and would work for hours on a pretty model he had in cell 31 on the lower eastern corridor. While Night Jailer Robinson was making his rounds, Spellman called on him to bring the model, as he could not sleep and wished to do some work.

Robinson brought the nearly completed fac simile of a railroad track and switch, and opening the door stooped down
